### COUNTRY SELECTION (November 2006)

Below is a list of all the countries in the world categorized according to the initial volume design.

Asterisks by countries indicate the ones we are aware that have significant LGBT social and political actions and seek writers for these countries. They are categorized into three levels of activity requiring **small** (2-3,000 word), **medium** (4-5,000 word), or **large** (7-8,000 word) entries. This categorization may be modified as writers bring their expertise to this project.

Please review the list:

- Identify the countries you believe you are well-versed on the LGBT situation and are capable to write in the format specified.
- If you see a country without an asterisk next to it and believe there is sufficient LGBT activity to warrant inclusion, you are welcome to bring it to my attention.

You are welcomed to forward these guidelines to other writers you believe may be interested in participating in this project.

Please see the *Writer Guidelines* for complete details on submitting your application.

Thank you for your time. I look forward to working with you.
